

Thomas Barbey: A Collection of Photomontages 2014 Wall (calendar)

The surreal photomontages of Thomas Barbey enchant with a blend of imagination and curiosity. Whether a couple dancing on a tightrope high above the city streets or a metropolis made of sand — Barbey's consummate technical skill of combining wildly disparate imagery into one piece of art will captivate you.

Barbey is a highly regarded photographer and photomontage artist. Thomas has garnered acclaim from numerous national and international publications and has become a sought after and collected artist. His work is shown in galleries worldwide as well as held in private collections. This calendar features a combination of his most popular and some never seen before images.
